Indiana, Ind., Nov. 13.—Fifteen persons were killed and fifteen others seriously injured early today, when an incoming Cincinnati, Ind., to Indianapolis passenger train ran into an open switch and crashed into a freight train of Atchison, Topeka and Santa Fe at Indianapolis. The train was coming from Cincinnati and was running forty miles an hour.

The engineer, W. H. Wiggin, of passenger train, and Engineer Wm. Sharkey, of passenger train, both of Indianapolis, were killed.

C. Bennett and wife, theatrical people, of Los Angeles, Cal.

Albert G. Palmer, engineer, Cal.

Fifteen seriously injured were taken to the Indianapolis Hospital, in this city.

The wreckage caught fire, but the flames soon were extinguished. Most of the dead were found in the wreckage of the first car, which telescoped the baggage car, and the engine. The engine is believed to be the only car in the wreckage, but the engineer of the freight train escaped to the engine of the passenger. Carl Clegg, brakeman on the freight train, was the only man to live.

At the time of the accident, the body was found. Bodies were then taken to the Indianapolis Hospital, in which they were laid out in separate rooms, with water, for which they cried publicly.

The passenger train was reported to have been in a clear track, but the broken end of the car telescoped the baggage car, and the engine. It is believed that the engine was in the wreckage, but the engineer of the freight train escaped to the engine of the passenger. Carl Clegg, brakeman on the freight train, was the only man to live.

"I was awake," said Zedel. "I felt chilly and was putting on my coat, and I thought I was having a dream, and the next thing I knew I was sitting in the middle of the wrecked train, and the engine had crossed the main track behind me. Carl Clegg, brakeman on the freight train, was the only man to live.

Discussing the work done by the prisoners in the penitentiaries, Mr. Dillon pointed out that great strides had been made in the treatment of inmates in recent years, that the penitentiary was now a place of reform, not merely one of punishment.

He said that the work of the prisoners now to be found in the country who had undergone treatment was the work of the penitentiary.

Mr. Dillon leaves on Thursday for

Calgary, where he will remain for a week, and will return to Edmonton, after which he will return to Montreal.

PENITENTIARIES ARE NOW PLACES OF REFORM

G. A. Dillon, of Montreal, in City Inspector Alberta Penitentiary, He Declares the System Has Proven Great Success.

G. A. Dillon, of Montreal, of the department of justice, and purchasing agent for penitentiaries, is in the city in connection with the supplies for the Alberta penitentiary. Mr. Dillon, who is making his first trip west, will be leaving the service in the fall, and has already inspected all with the exception of New Westminster, for which point he will leave here on Tuesday.

In conversation with the Bulletin, Mr. Dillon said some very interesting things concerning the penitentiaries. The first thing he showed that owing to the wide adoption of the ticket-of-leave system the percentage of long term sentences had been reduced over 25 per cent in the past two years.

He noted that the prisoners in the penitentiaries of the different provinces varied greatly, he said.

Alberta, he said, has a large "black hand" and the men in the first class provinces had a number of Indians.

Mr. Dillon said that the village of North Edmonton, Alberta, for an order directing the C. N. R. to construct a crossing over the Bow River, was the location of Setters.

News of Sport

SPORT FROM ALL ANGLES

So Regina rugby team decided against playing the Calgary Tigers next Saturday. The stand was a wise one, as the champions had nothing to gain by the game and there was considerable talk of the possibility of the two teams having a second game, drawing over the expatriates of their beloved Tigers. The southerners will have to be satisfied with the fact that they were among the also rans. There may be a little consolation to be derived from the fact that they were third best.

When the annual meeting of the Alberta Amateur hockey association takes place in Calgary tonight a few changes in the make-up of the league will be revealed. The University of Alberta will have no representative at the meeting, thereby signifying their intention of dropping out. Varsity's place will be taken by the Dominions. The Calgary Athletic club will be another absentee, this team having decided to retire owing to ice difficulties in Calgary, while they have ice once in a while during the winter. Four Edmonton clubs, three Calgary, Lethbridge, and other southern cities will be represented.

Edmonton newspapers are of the only ones to take a fall out of the unfortunate Mel Snowden for the part which he took in the Thanksgiving Day rugby game, judging from a story which appeared in yesterday's Calgary Albertan. The letter bears out the stand taken by Edmonton newspapers and the members of the Eskimos rugby team that Edmonton was handled a raw deal. The letter is as follows:

Edmonton, Alta., Nov. 10, 1912.

"Sporting Editor, Morning Alberta, Calgary.
"Dear Sirs—Will you please note that in the rugby game held here last Saturday, between the Mount Royal College and Alberta University, that Messrs. Pearson and Lally were present and that Dr. Lally was the only one who had permission to leave and that the Calgary College won because they had the best team, and got a score of 100 to 0 from both officials. There is no better in Canada when these two are working together, and it might do Mr. Snowden some good to take a few lessons from these gentlemen on how to be square, after the unfair decisions he handed the Eskimos on the Thanksgiving Day game in Calgary, as the Eskimos would have won the round off if they had got a square deal from Mr. Snowden, and nobody knows that better than the said Snowden. The Eskimos to a man were glad to hear that the Tigers were defeated in Winnipeg, for the simple reason the Eskimos never had a fair chance to win the Thanksgiving game."

"A TRAVELLER."

In commenting on the above letter, The Press says: "Met Snowden is a popular boy in Edmontonburg. Oh yes, a mighty, mighty, mighty boy! The following letter is an expression of brotherly love which hails from Edmonton, and while the remarks about Whit Lally and Regg 'Bob' Pearson are quite correct, those about Met Snowden reveal the real unvarnished sentiment of the Eskimos and others which the newspapers have tried to conceal. Take a stiff jolt of nerve pacifier and then read this."

In another mood Joe says: "It's sort of tough on Snowden, and there may possibly exist a slight difference of opinion in some parts about the ultimate outcome of the series, but it is refreshing, to say the least, to hear an Eskimo with enough nerve (or gall, which is it?) to give vent to his real feelings, even though he does it under an assumed name."

Edmonton was introduced to the novelty of indoor athletics on Tuesday night and to say that the indoor game is every bit as good as the outdoor and in many ways more interesting. The only impediment that could be suggested is a little more alacrity in leaving off the events. No spectator no matter how enthusiastic, care to wait from eight o'clock until almost twelve. It is possible to run two or three events off at the same time and in this way the time can be considerably shortened.

Tommy Burns' decision to give a thousand dollar gold belt will be greeted enthusiastically by the host of clever lightweights at presentjourning in the west. The present crop of candidates includes Joe Hayley, who can defend the title if he is so minded; Fighting Dick Hyland, of Calgary, who has first claim to a battle for the belt; Kit Saylor, of Edmonton; Ernie Barrie, of Vancouver, and Pal Brown, of British Columbia, who is the champion of Butte, if the last two mentioned are capable of making the weight. Water the scrabble for that belt.

An interesting squall appeared in the Montreal Herald of recent date: "Met Snowden, the old Montreal rugby player, who used to play for Westmount ten years ago, has donned the mohawks again and played with the Calgary Tigers against Winnipeg in a battle for the championship of Western Canada. The Westmount papers say Met played a whale of a game." No, dear Herald, Met has retired from the game years ago and is now a candidate for the veterans league. Met's specialty is refereeing.
